

**Transformonial for Christine St. Clair**  
**Dawn Thomas**  
**7-7-10**

After our home was robbed, I was prompted to install new window coverings at the front of our home. Wanting a quality solution, I needed it delivered in a timely fashion. Our home has unique architectural elements – lathe and plaster walls with dramatic abutting windows – that made installation a challenge. Hiring Christine specifically because of her extensive knowledge and designer experience, I knew she could manage the project seamlessly.

We received numerous “wow” comments from both neighbors and visitors. Matching the drapery lining to our home’s gold stucco exterior while creating a dramatic focal point, Christine delivered spectacular results. Her work exceeded our expectations in quality, responsiveness, and diligence to detail.

Uniquely creative and effervescent, I highly recommend Christine and The Drapery Lady to my clients and colleagues!
